## **DETAILED ACTION**

### ***Response to Amendment***

Applicant's amendment received September 25, 2000, has been entered and fully considered. An action on the merits follows.

### ***Election/Restriction***

Newly submitted claim 18 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the method as claimed can be used in a materially different apparatus such as a mixing machine with a rotating mixing blade which is mounted off-centered from the main drive.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 18 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312.

Art Unit: 3725

To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Craig Kauffman on November 21, 2000.

The application has been amended as follows: This application is in condition for allowance except for the presence of claim 18 to an invention non-elected without traverse. Accordingly, claim 18 has been canceled.

**Conclusion**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William Hong whose telephone number is (703) 308-9619.
